Commissioner for Patents

The Examiner has been made aware that the IDS documents of 12/2/04 and 8/30/04 were not signed, initialed and dated during the prosecution of this Application. However, this document is to supply the properly signed, initialed and dated documents. The references were considered during the prosecution of this Application, however, the Examiner had forgotten to provide copies of these documents to Applicant. Hence, these references were again reviewed and nothing was found to affect the patentability of Applicant's claimed invention. Therefore, the allowability of the claims is unaffected by this communication.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M. Kelly, Art Unit 1633, whose telephone number is (571) 272-0729. The examiner can normally be reached on M-F, 9:00am-5:00pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Weitach can be reached on (571) 272-0739. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
